

Taxi top LED display

- ✓ **Customizable Contents:** Our taxi LED display supports a wide range of video sources and contents, allowing you to showcase dynamic advertisements that grab attention.
- ✓ **Strong Storage Capability:** Say goodbye to storage limitations. Our taxi top LED display offers ample storage capacity, allowing you to store a vast number of advertisements in advance.
- ✓ **High Movability:** Mobility is at the core of our taxi LED display. Designed to be carried on vehicles, it offers unmatched flexibility in reaching diverse audiences.
- ✓ **Double-Sided View:** Our taxi advertising LED display features a double-sided design, ensuring that your message is visible from both sides of the road. Whether pedestrians are walking on the left or right side, they can effortlessly engage with your content.
